

MIDJ

Nuvola Collection

design Midj R&D

Nuvola collection represents the archetype of the chair: four straight lines form the chair's base that move to seat and backrest in the most classic of ways.

Its simplicity is enhanced by bright colors, materials that can be combined in various ways, and smaller details and visible seams.

Nuvola was first conceived in a completely upholstered version, but today it offers models with metal legs that can be versatile and can furnish every space.
