

MIDJ

Spot Collection

design Nicola Bonriposi — 2020

Designed by **Nicola Bonriposi** - <https://www.midj.com/products/designers/nicola-bonriposi> together with Midj, the **Spot mirror** plays with organic shapes to decorate the walls of domestic and collective spaces with originality. An aura of refinement is expressed through clean lines that are suitable for any type of environment. The perimeter of the beveled crystal reflects light from all angles.

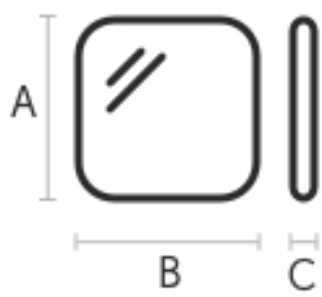

Made in 3 different formats, the mounting system allows you to position the Spot mirrors according to your own imagination. Arrange them in groups to create a balanced and original whole, or individually to create a focal point in the room.
