Bloom Collection

design Studio Pastina — 2020

The **Bloom coffee table** was born from the creativity of **Studio Pastina** - <https://www.midj.com/products/designers/studio-pastina> that transforms a classic piece of furniture into an element rich in color and design.

The Bloom coffee table is available in two different sizes that reveal its ironic play of volumes that give life to harmonious contrasts.

The base, upholstered in leather, faux leather or fabric, looks like a soft cushion and performs a sound-absorbing function. This original base supports the top made of steel or HPL thanks to a very fine metal tube.

Thanks to its versatility, the Bloom coffee table accompanies sofas and armchairs in a functional way, and also fits naturally into the sleeping area and all relaxation areas.
