

MIDJ

S1 Collection

design Paola Navone — 2022

S1 is a solid and sturdy chair but with an out of the ordinary silhouette, designed by **Paola Navone** - <https://www.midj.com/products/designers/paola-navone-en>

Light and dynamic, it is characterized by a continuous and harmonious line, which elegantly unites all its parts. Sinuously defined curves characterize the entire design. The backrest has a delicately enveloping shape, which widens at the top, to offer adequate support to the back and shoulders. The seat, also ergonomic, bends forward to smoothly join the legs, avoiding sharp edges and corners.

An aesthetic quirk, and a connotating detail, is the external seam of the backrest upholstery. The piping follows the upper profile of the shell and runs sideways to embrace the leg, adding a sophisticated touch. It can be in the same color as the upholstery or in contrast, in a finish of your choice, to stand out more and create interesting combinations.

The feet are in metal, available in small or large version, to give a glamorous accent to the chair and protect the end of the legs, so as to ensure durability and resistance over time.

The S1 chair is available in 3 variants: small, medium and tall.

S1 S Chair
