

MIDJ

Pechino Collection

design Midj R&D — 2014

Pechino is available in a fixed or extendable version. The metal base is a curious game of intertwined metal beams that support a top chosen from solid wood, glass or veneer.

The Pechino table, with its modern design, is also recommended for furnishing open space areas. Pechino, in the extendable version, is available exclusively with glass top and matching extensions. In the fixed version, in addition to the glass top, the choice is also extended to solid oak wood with a straight or solid walnut with a bark effect edge or veneered wood.

Pechino Table
